Installer's Installation License #

Authorized Inspectors participation is mandatory for ASME code symbol stamping.

Please state the name of your Authorized Inspection Agency; if none, so state, and the state will act as your agency.

Authorized Inspection Agency: _____

All persons, firms, or corporations engaged in the fabrication or installation of pressure piping must be licensed by the Boiler Inspection Section prior to performing the work. The pressure piping license shall consist of an endorsement of a valid license issued by the Boiler Inspection Section to install boilers or pressure vessels. There is not additional fee for the endorsement.

Prior to the installation or the movement of pressure piping, a permit must be obtained from the Boiler Inspection Section. One application is required for each installation regardless of the size of the installation. **THE FEE FOR THE PERMIT SHALL BE ONE HUNDRED DOLLARS (\$100.00).** Please submit this form, along with a check or money order for \$100.00 made payable to:
