

Arkansas Amputation Stand-down

Steps to having an effective Amputation Stand-down

- (1) Designate a time to stand-down
- (2) Organize an amputation survey group
- (3) Observe all machine guarding and lockout procedures that can possibly cause an amputation
- (4) Record hazards found; hazards corrected how many people were affected.
- (5) Email results to Arkansas Department of Labor and Licensing, Juanita.matlock@arkansas.gov

Arkansas Department of Labor and Licensing will award companies certificates of participation.
