DISMISSAL ORDER

The Arkansas Board of Licensure for Professional Engineers and Professional Surveyors (hereinafter "the Board") registered a complaint on August 11, 2010, charging Stanley R. Glover (AR-PE #6894, hereinafter "Glover") with negligence and/or incompetence in the practice of engineering, in violation of Arkansas Code Annotated §17-30-305(a)(1)(B).

FINDINGS OF FACT

1. Glover is a Professional Engineer licensee of the Board, and the Board has jurisdiction over his conduct.
2. A multi-story condominium building was constructed on Lake Hamilton in 2004, with five columns supporting balconies and a partial roof load across the front of the building.
3. Glover's seal appeared on some of the plan sheets for the building.
4. The columns were failing, and in 2009, another engineer investigated the failure and designed repairs.

5. In his Answer to the complaint, Glover admits to having designed the foundation system and sealed the foundation details only, but claims no part in the design of the columns.

CONCLUSIONS OF LAW

Upon review of the evidence in its possession, the Board finds the conduct by Glover described in the Findings of Fact does not warrant further investigation or other action.

ORDER

Based on these Findings and Conclusions, the complaint against Glover is dismissed.
