

010.13-008 The National Electrical Code

A. Except as provided in subsection B of this Rule 010.13-008, the Board hereby adopts and incorporates herein the National Electrical Code, 2023 edition of the National Fire Protection Association.

B. The National Electrical Code, 2023, shall be the standard for the construction, installation, repair, and maintenance of electrical facilities and the performance of electrical work, except as follows:

1. The provisions of Section 210.8(F) of the 2020 National Electrical Code, dealing with the GFCI requirements for Heating, Ventilation, and Air Conditioning, remain excluded from the adoption of the 2023 National Electrical Code and the former adoption of the 2020 National Electrical Code.

2. Article 200 of the National Electrical Code, 2023, is excluded from the adoption of the National Electrical Code, 2023. With the exception of Section 210.8(F), Article 200 of the National Electrical Code, 2020, shall be the standard for the construction, installation, repair, and maintenance of electrical facilities and the performance of electrical work governed by Article 200 unless and until modified by subsequent rule of the Board.

C. In the event there are updates and new editions to the National Electrical Code, the Board shall, after notice and public hearing, adopt such changes and editions which it determines are necessary to insure the public health and safety.

D. The statewide standards shall guarantee a uniform minimum standard for the construction, installation, and maintenance of electrical facilities and for the performance of electrical work.

E. The Board hereby adopts and incorporates herein the Standard Practices for Good Workmanship in Electrical Contracting, American National Standards Institute/National Electrical Contractors Association 1-2006, as the guide for the quality and the standard of workmanship in the installation of electrical equipment.

F. This rule does not include any later amendments or editions of the standards incorporated by reference.

G. Copies of these standards incorporated by reference can be viewed in the offices of the Electrical Division or can be obtained by contacting the following:
