

Whether you are employed by a private company, a business owner, or work for a public agency, you and your co-workers can benefit greatly from attending this safety conference. The purpose of this event is to enhance workplace hazard recognition and strengthen a culture of workplace safety, thereby reducing employee injuries and illnesses.

While these conferences are intended for hourly employees, we encourage all companies to also send members of their managers with safety responsibilities, and any others who might benefit from basic safety training. Nursing home administrators and nurses may also use this training for continuing education purposes.

The registration fee of \$25 covers lunch and conference materials. Pre-registration is encouraged, as this allows the event organizers to plan accordingly. Cancellations will be accepted until two days prior to the conference and substitutions are permitted.

We accept all major credit cards.
