Accident-free driving isn't a matter of luck.

You have to make the right decisions - when to slow down or speed up, when to change lanes or swerve.

Practice the 5 Principles of Decision Driving!

Slide 5

1. Expand your "Look Ahead" Capacity

Check what's happening down the road.

---

---

---

---

---

---

---

Slide 6

2. Size up the whole scene

Know what's going on around your vehicle.

**3. Signal Your Intentions Early**

Let other drivers know in advance what you intend to do.

The illustration shows a taxi on the left with a 'TAXI' sign on its roof. The driver is gesturing with his hand towards a carpool lane vehicle on the right. The carpool lane vehicle has a driver and a passenger, and a sign on its windshield that says '2+'. The background is plain white.

**4. Plan An Escape Route**

Think ahead so you can react quickly if you need to.

The illustration shows a carpool lane vehicle on the left with a driver and a passenger. It is positioned next to a carpool lane vehicle on the right. The carpool lane vehicle on the right has a driver and a passenger, and a sign on its windshield that says '2+'. The background is plain white.

**5. Take Decisive Action**

Make the decision and do it!

The illustration shows a driver in a carpool lane vehicle. The driver is wearing a seatbelt and is looking forward. The carpool lane vehicle has a driver and a passenger, and a sign on its windshield that says '2+'. The background is plain white.
