➤Provide routine maintenance

Slide 11

➤No extra riders on self-propelled mowers

Slide 12

Be Aware of Mowing Hazards:

- A mower can tip over easily
- Push mower away from body during fall
- Never leave running mower unattended
- Make sure mowing area is clear of people and pets since objects can fly from the mower

Slide 13

Proper Mowing Directions:

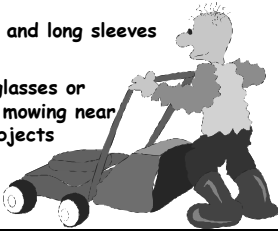

- When mowing on slope with riding mower, mow down the slope
- When mowing on slope with push mower, mow across the slope

Slide 14

Proper Dress for Mowing:

- Sturdy shoes
- Long pants and long sleeves
- Safety glasses or goggles when mowing near solid objects

Slide 15

Review

- Wear protective, snug clothing when mowing
- Turn off mower before disengaging clutch and stop engine
- A rotary mower blade whirls around at about 100 to 200 mph
- Never leave a running mower unattended!
