

Arkansas Department of Labor & Licensing

ELECTRICAL INSPECTOR CERTIFICATION TRAINING

2026 SCHEDULE

Beginning May 19th through December 8th, 2026, the Department invites Arkansas Electrical Inspectors to register online for the 2026, 8 - hours CEU requirement. Registration will be available while space is available, the fee to register for this ADLL Training is \$50.00 per person. **All applicants prior to registration must possess a valid Arkansas Electrical Inspector License.** The Fee of the annual license is \$50.00. Training will be provided by the Departments Electrical Chief Mr. Russell Hull.

Training will begin at 8:30 am and end at 4:30 pm, breaks have been scheduled throughout the training. Certificates will only be issued for registered attendees who are present for the 8 hours. Attendees may sign up for 1 class as space is limited. All attendees should be signed up no later than 1 week prior to the scheduled date, time and location.

Certification received during this time will be valid for Electrical Inspectors annual renewal in December. This certification will be valid for the renewal of your electrical Journeyman or Master license. Published materials that will be used during this training will NEC 2020, 2023 & 2026 specifically noting the changes between code cycles and the Departments administrative rules.

Class schedules are limited; certificates will be given at the end of class upon completion of verified online registration and attendance.

Application Name	Application Description
HVACR Municipal Inspector Application	Used to apply for a municipal, city, inspector registration
Internal Background Check Upload Form	This is purely for employees of the Arkansas Home Inspector Registration Board to upload the results of an Arkansas State Background Check to an applicant or licensee's profile. This Form should only be completed via the "submission on behalf of" process.
Electrical Application Electrical Inspector	Application for a Electrical Inspector License.
Electrician Renewal Electrical Inspector	Renewal application for Electrical Inspector's license.

For New Inspectors, You will select the 3rd application from this list. You will create a free profile and apply for the license. The cost of the license is \$50.00 annually. You will need a letter from your City for an initial application.

Step 3: From the Existing Account Login, click Login. If you have forgotten your password, you can reset it here. Once you log into your profile you will be on the application for your license renewal.

The screenshot shows a web browser window with the URL `apps.rlpweb.com/authenticate/existing-account-login`. The page header includes the Arkansas.gov logo and the name "Tyler Arkansas". The main heading is "Existing Account Login". Below this, there is a message: "The Agency has indicated this application requires an account. To log in to your existing account select from the options below. You may also create an account. Please use Chrome or Firefox for the best RLP experience." The page contains four login options in a 2x2 grid:

- Know Your Username?** with a **Login** button.
- Forgot Your Username?** with a **Recover Username** button.
- Forgot Your Password?** with a **Reset Password** button.
- Need to activate an account?** with a note "Click the Send Activation Link button for a new account." and a **Send Activation Link** button.

A link for [RLP Support](#) is located at the bottom right of the page.

What you need to renew your Electrical Inspector's license **EVERY** Year:

- **A letter from the city you work for, stating you are still employed.** The letter should have your name, how long you have been with the city/municipality/etc. and be signed by someone other than yourself. (If your city can provide a letter head document that is preferred.)
- **8 – Hours of Arkansas Department of Labor & Licensing (ADLL) Inspector training.**

What you need to know:

- You need to renew your license each year from December 1 – 31 by midnight or the system will charge you an additional \$50.00 on January 1 of the following year.
- Working without a license and performing inspections may result in fines and penalties.
- For up to date Rules and Regulations for the Electrical section please visit <https://labor.arkansas.gov/labor/code-enforcement/electrical-inspection-and-licensing/>
- We will be updating the page over the next few months to provide more information pertaining to all of the licenses and applications we offer.
