Case #2009-35

Respondent:

Shaw Power Group
9991 West Athens Lane
Littleton, CO 80127-5925

DISMISSAL ORDER

The Arkansas Board of Licensure for Professional Engineers and Professional Surveyors (hereinafter "the Board") registered a complaint on December 17, 2009, charging Shaw Power Group with violation of Arkansas Code Annotated §17-30-303 (providing or offering to provide engineering services in Arkansas without a valid Certificate of Authorization).

FINDINGS OF FACT

1. On September 15, 2008, the Board received an application for Professional Engineering registration in Arkansas by reciprocity, wherein the applicant claimed to be working for Shaw Power Group.
2. The applicant's NOTICE documented work prior to becoming licensed.
3. Shaw Power Group did not hold a valid Certificate of Authorization in Arkansas.
4. Subsequent investigation found that Shaw Power Group was a cost center within Stone and Webster, Inc, holding valid Arkansas Certificate of Authorization #526, and not a separate business entity.

JUN 02 2010

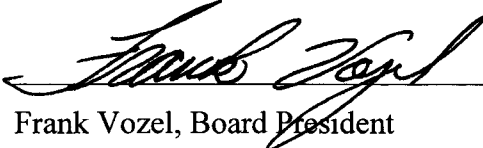

CONCLUSIONS OF LAW

Shaw Power Group is not a separate business entity offering engineering services in Arkansas, within the meaning of Arkansas Code Annotated §17-30-303, and would therefore not require a Certificate of Authorization from the Board.

ORDER

Based on these Findings and Conclusions, the complaint against Shaw Power Group is dismissed.
