BEFORE THE ARKANSAS BOARD OF REGISTRATION FOR
PROFESSIONAL ENGINEERS AND LAND SURVEYORS

Case #2008-43, in the matter of David Charles Weber:

COMPLAINT

The Arkansas Board of Registration for Professional Engineers and Land Surveyors (hereinafter "the Board") registered a complaint on November 19, 2008, charging David Charles Weber (non-registrant, hereinafter "Weber"), representing Allstate Consultants, LLC (non-registrant, hereinafter "Allstate") with practicing and/or offering to practice engineering in Arkansas, in violation of Arkansas Code Annotated §17-30-102(b), and with offering to provide engineering services in Arkansas as an incorporated entity without a Certificate of Authorization from the Board, in violation of §17-30-303(a)(1)(C)

FINDINGS OF FACT

1. On August 29, 2008, the Board received an application from Weber for comity registration as a Professional Engineer in Arkansas.
2. When the application was reviewed by the Board on November 10, 2008, Weber's statements in the application suggested he had possibly offered to practice and/or practiced engineering in Arkansas. The staff of the Board was ordered to initiate an investigation into possible violations.
3. The investigation determined that the phrase "preliminary design phase" found in the application referred to the architect's efforts, and not those of Weber/Allstate.

CONCLUSIONS OF LAW

Upon review of the evidence in its possession, the Board finds Weber's actions and those of Allstate as described in the Findings of Fact do not constitute a violation of the statutes or rules governing the Arkansas Board of Registration for Professional Engineers and Land Surveyors.
